OVERVIEW OF CHANGES

The webinar series aims to support schools and LEAs in successfully implementing the Integrated Student Supports Protocol. Three webinars are recorded and posted to the OSPI website. Each webinar is followed by at least one informal office hour, which is not recorded.

In response to questions that have been presented from Webinar 1, we will be adjusting the supports available in the subsequent webinars and office hours. The changes are intended to be supportive and are as follows:

Webinar 1 and Office hour(s):
- Added two additional office hours and allocated time for discussing the guidance and resources. This may coincide with your school or LEA's spring break; therefore, please select a date that works best for you.
  - Office hour 1B: March 26 *(originally scheduled as Webinar 2)*
  - Office hour 1C: April 9 *(originally scheduled for office hour 2)*
    - *Action needed: If you have registered for Webinar 2 and Office Hour 2, you do not need to register for Office Hours 1, B, and C.*

Webinar 2 and Office Hour 2:
- Adjusted dates/times *(PdEnroller links remain the same)*
  - Webinar 2, an updated date is May 14th *(originally webinar 3)*
  - Office hour 2, an updated date is May 28th *(originally office hour 3)*
    - *Action needed: If you registered for Webinar 3 and Office Hour 3, you do not need to register for Webinar 2 and Office Hour 2.*

Webinar 3 and Office Hour 3:
- Added new dates/times and registration link via PdEnroller for Webinar 3 and Office hours 3
  - Webinar 3, added June 4th and the registration link via PdEnroller
  - Office Hour 3, added June 18th and the registration link via PdEnroller.
    - *Action needed: To attend, you will need to register via PdEnroller*
    - *PdEnroller for ISS Webinar # 3: https://www.pdenroller.org/ospi/catalog/185808*
    - *PdEnroller ISS Office Hours 3: https://www.pdenroller.org/ospi/catalog/185810*

PdEnroller Clarification
When registering for Webinar 2 and 3 and the Office hours you may notice the title in PdEnroller may not match the title listed. For example, you may be registering for Webinar 2 and in PdEnroller it may be labeled as,"Webinar 3", this is because the titles cannot be changed once they are submitted and approved. Disregard the difference and proceed with registration. We have added "Notes" in the PdEnroller events to support clarification, as needed. If you have additional questions or needed clarification, contact LAP@k12.wa.us.
